

HYU ERICA Course Information

For Exchange & Visiting Students (ERICA Campus)

Grading, Credits and Transcripts

Credits and Study Load

Hanyang 1 credit consists of 15 contact hours. And 3 credits mean 3-hour a week. The minimum credits for HYU students per semester is **10** and the maximum is **20**. Students usually take 15~18 credits per semester, but this rule is not strictly applied to exchange & visiting students. Thus, we recommend exchange & visiting students take 2~3 courses.

If you are taking **Intensive Korean (3 credits), you are still required to take at least one Major or Elective course. If you are taking **Survival Korean** (3 credits), you have to take at least two Major or Elective courses.*

Evaluation and Grade

Although the evaluation method may differ based on professor's policy, attendance is always an essential part of the evaluation process. Hanyang does not have re-sit examinations so the final grade inputted into the system cannot be changed.

Transcript

Transcript is available within 1-2 weeks after the semester is over. OIA will send two copies of your transcript to your home university coordinator directly (Exchange Student) or to you (Visiting Student) after then.

Course Registration

The Way Courses Are Carried Out

Due to the COVID-19, the way courses is offered (either online/ offline, or both) in the upcoming semester will be decided about 5~6 weeks before the semester starts. Even though most courses are to be online, **Hanyang accept exchange & visiting students only when they are physically staying in Korea.**

How-to-register Courses

Like other HYU students, all exchange & visiting students are required to register courses online on their own. Hanyang's course registration system works on "**First Come, First Served**" basis, and is scheduled twice. During the registration period, they can freely add or drop courses upon their preferences. But students must be aware that **NOT** all English-taught courses will be available, it may be very difficult to register for some courses and their preferred choices of courses are **NOT GUARANTEED**. Kindly be flexible with course preferences. If you have any essential courses required for graduation, we suggest to take it at your home university.

Course Registration in Other Majors

You can also register courses from different department or major, but it is not 100% guaranteed that all professors will accept you if your background for the course of the very dept./ major is not enough.

Course Registration for Graduate students

As the Office of Graduate School is only in Seoul campus, all exchange & visiting students (regardless of your level of study in your home university) coming to ERICA are enrolled on the 4th grade at undergraduate level. But Graduate students will have no problem in registering and taking either undergraduate or graduate courses at ERICA. You will be informed regarding this later.
